**Our Youth Network is More Than
40 Chapters Strong & Growing!**

The Youth MOVEment

At Youth MOVE National, we believe in the power of proximity - being close to the voices that matter most. That's why our local Chapters are at the heart of everything we do. In a country as vast and diverse as ours, real change doesn't happen from the top down - it starts with the youth in communities who are empowered, heard, and equipped to lead. Our Chapters are more than partners - they're catalysts for systems change. They're the trusted voices in the room, and the champions of change in towns, cities, and neighborhoods across the country. Together, we are building a movement - not from one office, but from every corner of the nation.

Ready to Join the MOVEment? Become a Chapter Today!

We're always looking to increase our Chapter presence all over the U.S. If you would like your youth group to be a part of a national effort, visit youthmovenational.org/chapter-services/ or scan the included QR Code.
