Chapter Quest 2025

What is Chapter Quest?

This summer, Youth MOVE National's Chapter Services Team launched a competition exclusively for our Chapters! Chapters completed activities and submitted them for letters to create the 'Word of the Month'. The goal of Chapter Quest was to create a fun way to win funds, increase visibility, and promote youth advocacy by completing a variety of activities! Chapter Quest ran from May 1st to July 31st, 2025. Learn more about the impact of Chapter Quest and our Chapters as a whole below!

A HUGE thank you to all who participated in our Chapter Quest competition this summer!

Chapter Quest Winners

Our Chapters directly serve youth in their communities year-round. Check out what our Chapter Quest Winners were doing over the summer:

First State Youth MOVE

In May, First State Youth MOVE (FSYM) made an impact in their local community! Chapter President Mayda Berrios & Vice President Taylor Rockhold attended and presented at May's HEAD committee of the Wilmington City Council. At this event, FSYM educated the city council and the local community on their Chapter's work, mission, vision and programming in an effort to raise awareness and gain support for empowering youth across Delaware!

Youth MOVE Massachusetts (MA) was busy presenting trainings and bringing awareness to Mental Health Awareness month! With 3 trainings and tabling 2 mental health resources events, they made an impact on over **150 individuals** in their community and beyond! Youth MOVE MA also partnered with Youth MOVE Nevada in a social media campaign for Mental Health Awareness Month, turning awareness into action through #MindMatters2025!

Youth MOVE Detroit

Mario Kart, Mental Health Awareness, and Youth Advocacy?! Who could imagine a better combination than that! In June, Youth MOVE Detroit, in Partnership with Detroit PAL, held a Mario Kart video game tournament. With **over 35 participants**, youth engaged in the lock-in style tournament at the Detroit PAL Corner Ballpark in Detroit. This event was a fun and engaging time for youth to connect video games, mental health and advocacy.
