

The Youth MOVE National Peer Center

For 6 years, Youth MOVE National's Peer Center supported peer and community-run organizations, provider organizations, the mental health service system, and anyone nationally in successfully creating and implementing recovery-oriented youth programming. **All while being the only federally funded national TA center that was youth led and driven!**

OVER THE YEARS, THIS WORK HAS INCLUDED:

57,000+ Individuals Reached

I really appreciate the time and attention the YMN Staff gave our conversation. I am especially grateful for their values based approach given how many organizations are trading their prior verbal attestations to best practices for all in favor of self-protection. I'm just so relieved that Youth MOVE continues to exemplify genuine leadership.

...This experience has been incredibly empowering. I was able to strengthen my leadership skills, deepen my commitment to youth advocacy, and connect with inspiring changemakers from across the country. I'm truly grateful to the amazing mentors, facilitators, and peers who made this journey so impactful. Your support, insight, and encouragement pushed me to grow both personally and professionally.

Youth MOVE is an extraordinary organization that has built a community of young people with lived experience from all parts of the country. These young people – who are the heart of the organization – bring their stories, passion and unmatched expertise to the question of what's working, what's not, and what needs to change. The first question I ask myself when starting any new projects related to youth mental health is "How do I get Youth MOVE involved in this work?"
